All our pizza bases are made from semi-sourdough. This gives them great flavour and a natural crispness. We try and keep our toppings as simple as possible, echoing traditional pizzas from Napoli and our tomato sauce is our own recipe. We don't pile extras on top. We let the flavours come through.

At peak times, your pizza may take a little time to arrive. Each one is stone baked for just a few minutes to ensure good even cooking. We hope you enjoy them.
